

St Oswald's 2020 SUNDAY AFTERNOON CONCERT SERIES

Shakuhachi Syrinx

bamboo flute and eco-poetry

performed by

Anne Norman

Haunting music from Japan and Europe dovetail with compositions inspired by the Australian landscape. Meditative, evocative and melodic, punctuated with song and spoken word... music that will take you on a journey.

*"... like birdsong, but not; like wind, but not; like no other sound...
It was as if she could lure pixels of sound and whip them into
line with the control of her breath... a master of adventure."*
